NOTICE TO CUSTOMERS

OLEANDER DRY-DOCKING

The Oleander will be going into Halifax later this month for her regular scheduled dry-docking. We anticipate that the Oleander will be out of service for four voyages; Voy. 1509 sailing Port Elizabeth Friday 17th July through Voy. 1512 sailing Port Elizabeth Friday 7th August.

To replace the Oleander during this dry-docking period BCL has chartered in the M/V "Smaragd" a 502 nominal TEU vessel. The "Smaragd" has 60 reefer plugs but no Ro/Ro capability and therefore the ability to handle non-containerized cargo will be limited. BCL will not carry cars while the Oleander is out of service.

The "Smaragd" should have sufficient speed to enable a Sunday arrival in Bermuda if the weather is good and the vessel can depart Port Elizabeth on schedule on Friday afternoons.

Please contact our offices if you have any questions.
